

Planning Board Meeting 11/22/93

Present: Ken, Lil, Woody, Barb, John Cleveland

This is not a regularly scheduled meeting but solely for the purpose of meeting with John Cleveland due to lack of time at previous PB meeting on November 16.

Per Table 2 on page 22 of new ordinance, John feels that the lot line setbacks could be waived for the old Cornish Market property parking area. The property is under the Historic District as well as the Village Center zones. Pages 29 and 30 give off-street parking requirements.

We discussed the forms, application packets and permits that will be required in the future. It was decided that application numbers would be required and that each application # discussed in PB meetings should be referenced in the minutes of those meetings.

Notes by Lillian Bell, Sec.
