

The May 16<sup>th</sup>. meeting of the  
Cornish Planning Board was devoted  
to the discussion of local subdivisions  
being initiated at the present time.  
Mr. Pike brought out the point that  
many landowners were unaware of the  
local subdivision standards as well  
as state law S.D. 1800. It was decided  
by the board that an information  
sheet would be mailed with each  
tax bill relating to state and local  
subdivision laws.

The board also voted to accept  
the amendments to the land sub-  
division standards as published by  
the G.C.R.P.C.

Respectfully submitted  
Bradley Perkins  
Recording Secretary
