

The August 17th business meeting of the Council Planning board was by-passed in order to meet with Myron Lamb of the York County Regional Planning Commission and Richard Tinsman, a representative of a private community planning firm.

The purpose of this meeting was to discuss the needs and wants of the town concerning the future developments. Mr. Lamb and Mr. Tinsman conducted a poll of the members in order to ascertain immediate areas of concern and to project future problems.

With information derived from this meeting Messrs Lamb and Tinsman hope to help the planning board to formulate a six month work program for the board.

Respectfully Submitted  
Ernest E. Jones
