

**SELECTMEN'S MEETING
NOVEMBER 13, 2002**

The minutes from the last meeting were signed. The accounts payable and the payroll warrant were signed.

A form for MDOT was signed giving the state permission to move heavy loads on the roads after they have been posted.

Laurie Carr put in a request to book the town hall on New Year's Eve and the Saturday before Valentine's Day. She is willing to pay for the extra oil used to heat the building. Carlton asked for more information on what she wants the hall for and what the donations will be going towards.

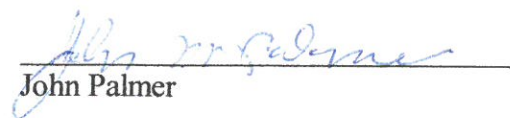

David Brandt still hasn't given any definite information on how to proceed on the cornshop situation. It was thought that maybe the town would be better off with a different lawyer. Carol was asked to find out who the surrounding towns use for their attorney's.

Allaire Palmer came in to discuss getting more money for the library. They don't have the funds needed to keep a full time librarian. She was told how to write the appropriation request.

David Whitney had asked if he could get the first check for snowplowing early. Carol will put it on the November 27th warrant and put it in the mail on December 2nd.
