CORNISH, MAINE**

Selectmen's Meeting
November 13, 1979

Present: Ronnie, Hoxie, Doc, Marcia

- 1.) Doc brought us up to date with the Eva Lord situation. She is still in the hospital, but due to be released as soon as Dr. Marston and Mrs. Weymouth find her a place to stay; probably a nursing home.
- 2.) Ronnie reported that Richard Burnell had seen him and explained the difficulty he and his daughter, Nancy Merritt were having to pay for their fuel oil and asked if they couldn't be reconsidered for town assistance. His income and expenses had not changed since the last application, therefore the Selectmen decided to deny the request. Notice to be sent to Richard and Nancy.
- 3.) Bill ~~W~~ has received a petition for a zoning change from Don LeTarte. Check with planning board to see if they will approve. If they will, a public meeting is to be scheduled.
- 4.) Ronnie mentioned the idea to get together with the Planning Board and Appeals Board to set up some rules and regulations.

Marcia Pendexter, Sec't.
