

**SELECTMEN'S MEETING
DECEMBER 12, 2001**

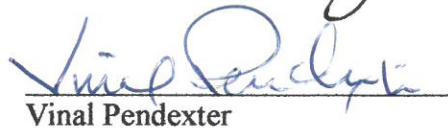

Dan Sherman came in to discuss his concerns about the Adelphia upgrade especially in the South Cornish area. They require six homes per mile discounting houses that appear to be empty, houses that are too far away from the road, and houses that have a dish in the yard. Dan still feels that there are enough houses to meet the requirements. The Selectmen won't sign the contract until the can discuss this area and other areas of town that don't have cable access.

The minutes from the last meeting were signed. The accounts payable and the payroll warrants were signed.

Carol was told to hold CMP's street light check until the streetlights are fixed. Carlton will also find out about the bill from the Town of Kennebunk for tipping fees. The FR Carroll bill is to be paid out of the contingency account for now. This was for the paving of the Fire Dept. yard. Carol asked about the snowplowing payment. Carlton said to sent David and Chip each half.

There was also a discussion on getting a storm window put on the window over Carlton's desk and insulating of getting a better heat exchange for this office so it won't be so cold.
