

**OFFICE OF SELECTMEN, ASSESSORS AND
OVERSEERS OF THE POOR**

Town of
CORNISH, MAINE

SPECIAL SELECTMENS MEETING

WED. FEB 20, 1985 @ 10:30 AM

PRESENT - J. SEELYE, A. DIBIASO, D. JACK

- (1) DISCUSSED THE COST OF RETURNING EVA LORD PUMP OK TO GIVING HER WATER. ALREADY the COST OF REPLACING THE PUMP IN WORKING CONDITION IS ABOUT \$100.00 . W. LIBERTY SAYS THAT THE OLD WELL POINT IS HALF (t) PLUGGED AND GROUND WATER IN WAY DOWN AND CANNOT DRAW WATER FROM THE PRESENT LINE. TO PULL POINT AND REPLACE WOULD BE \$400 - to 600. JIM SUGGESTED WE LOOK INTO CONNECTING TO THE TOWN WATER LINE ON THE OTHER SIDE OF THE DRIVEIN LOT. NEED PERMISSION TO CROSS (ON EASEMENT) AND THE DISTANCE IS 500t FEET. ESTIMATED COST WOULD BE 3 to 4 TIMES COST OF REPLACING POINT. EST COST AT LEAST \$1800 FOR 160# PLASTIC, MORE FOR COPPER.

MINUTES BY DON JACK

SECRETARY
CHARLENE D. HUMPHREY

A. DiBiao
John Seelye
