7) MEETING WITH PARSONSFIELD SELECTMEN. Article on Solid Waste read. Joe B. Asked why the five towns broke up - it was a combination of things. Disagreement over the site. No site as yet. Possible sites: 1. Pike's - but they are not interested in selling. 2. Acreage on Route 5 (\$150,000. 58 acres) 3. Property owned by the Town of Parsonsfield on the Kezar Mtn. Rd. Liz. to check into this land. 4. Land offered by Scott Paper Co. in No. Parsonsfield, on Notch Rd. They will allow a Transfer Station only, no sorting.

Nothing has been heard from the other towns. Hiram has raised enough money to go 8 more months with Normantus.

Next Step: Chalsco land abuts Patten Corp. development (U5-13 56 acres) zoned for general useage. Land could not be reasonably developed. The price can be adjusted.

Everyone felt comfortable with Mr. Stevens of Wells. Mr. Stevens will man the station.

SRCC has a diferent description of a dump and a transfer station!

Selectmen will meet in two weeks, April 5th, Tuesday, at Pike Hall., at 3 P.M. along with the Parsonsfield delegation and go over the sites in question.
