

**SELECTPERSON'S MEETING**  
**March 19,2003**

Vinal welcomed Diane and Peggy and explained some procedures, and told them not to expect to learn everything at once.

John made a motion that Vinal be chair selectmen. Peggy seconded the motion. Vinal accepted but only for one year.

The minutes from the last meeting were signed. The accounts payable and the payroll warrant were signed.

There was a discussion on moving the town meeting to Saturdays. Vinal didn't think you would get any more people that way since the surrounding towns have theirs on Sat. and don't have a very good turn-out. It can be brought up at a special town meeting if there is one.

There was a discussion on clearing the sidewalks. Vinal is researching costs. There is a concern about where to put the snow and the liability for slippery sidewalks. John thinks that the other voters that don't live downtown won't want to pay extra taxes to pay for it. Clearing the snow from Thompson Park also needs to be looked into.

Carol asked about a bill for Thompson Park that is overdue. Vinal said to give it back to Ken because they have to pay it.

Carol also brought up that the Concert Bandstand had called and wanted their appropriation money. Vinal told her to send it. Carol has to get the appropriations in the computer first.

Carol asked that since she has been appointed agent does she get to collect agent fees. Diane said that that would be a bad president to set. Vinal said they would think about it and get back to her next meeting.
